

Cafection's Total 1, an innovative bean to cup coffee kiosk solution. Enjoy a wide variety of beverages you'd only expect to find at a cafe.

The Total 1 brewer offers stylish and innovative design features that would blend into any office decor.

Just place your finger on the interactive color touch screen and within seconds you will have freshly brewed gourmet coffees, cocoas, cappuccinos, mochas and lattes...individual to each users choice. This smart brewer, when connected to the internet, can monitor product usage and email alerts for service or even product replenishment.

Turn your coffee breakroom into a Total 1!
