

La San Marco's OC System offers advanced brewing technology that takes coffee flavor and employee satisfaction to a new level – one cup at a time.

Our pre-infusion and pulse brew technology steeps the coffee at the perfect temperature while controlling the flow of water to extract the optimal flavor. The OC capsule is designed to enhance the brew process, while providing a proprietary product that only fits The OC System™. The individual stay-fresh packets seal in freshness, protecting the flavor and aroma – A Difference You Can Smell™.

Features include:

- Cup sizes: 4oz, 6oz, 8oz, 10oz
- Easy cleaning and maintenance
- Discreet, quiet brewer minimizes disruptions in the workplace
- Hot water option
- Fresh, individually wrapped cartridges
- Two energy saving modes
- Pour-in water or direct water line plumbed
